

LIMESTONE

PAVUS BEIGE – Honed Finish

This stone is an off-white/vanilla like color. Hair-line, shells and some light veining is typical of this stone.

Shown here in a Cathedral undulated finish and pillowed edges in 30"x30" with inlaid custom dots 6"x6". Stone surrounds (portal and arches) are also carved from the same limestone.

Below is a custom pattern 'Cassettone' made with 1"x3" losanges and 1"x1" dots, pre-mounted on sheets.
